

### Fully Built

Due to popular demand, if you require a fully-built solution our Building Design service can now include a quote from a respected local builder. Our recommended builder is experienced in a wide range of traditional or alternative building materials including double brick, timber framed, steel framed, reverse brick veneer and rammed earth.

*Rammed Earth construction by Murchison Rammed Earth.*

If you are interested in our fully-built service please don't hesitate to ask for details.
