

Architectural Model Making

Written by Studio West Admin

Friday, 30 December 2011 13:32 - Last Updated Friday, 30 December 2011 13:37

Learn step-by-step how to create a scale model of the floor plan of your very own owner-builder project. Using only basic tools and equipment, you can create a true-life scale model for your cabin, studio or even your dream home. The architectural model is an invaluable tool for every owner-builder, the way in which it helps you to visualise your design concept is incredible! ☐ ☐

Date: To be advised.

Time: 1pm - 4:00pm

Cost: \$95 (includes materials)

Limit of 6 per class.

Email sharon at studiowest dot com dot au to enrol and receive your information pack

"We had such great fun building our architectural model for our proposed rammed earth home. Our 10 yo daughter insisted on helping us finish it when we got home and so it was great having the whole family involved. The model really helped us to see inside the house, it was very worthwhile." Sue & Rick, Roleystone
